

Channel Islands National Park's Kelp Forest Monitoring Program

Indicator species reference guide for **ARTIFICIAL RECRUITMENT MODULES**

***Tethya aurantia* (A)**

Orange puffball sponge

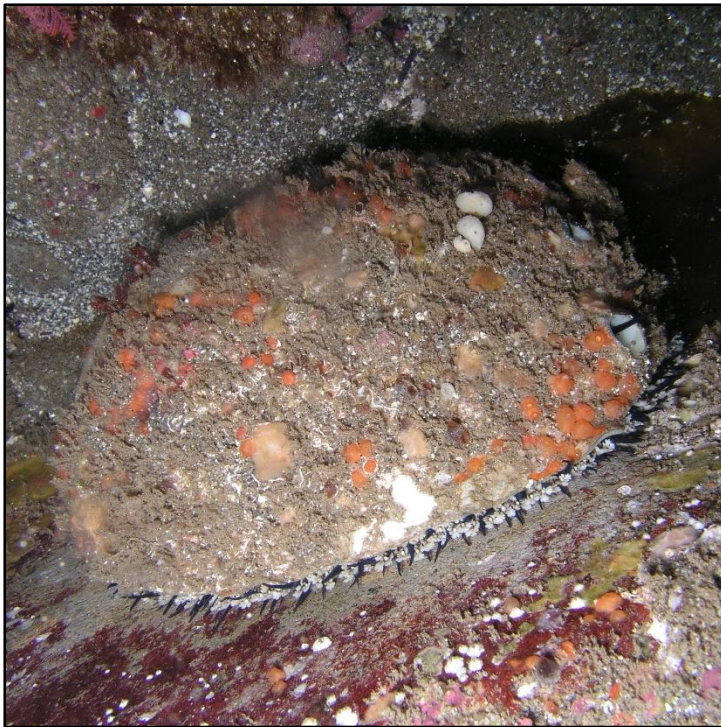

***Haliotis rufescens* (X)**

Red abalone

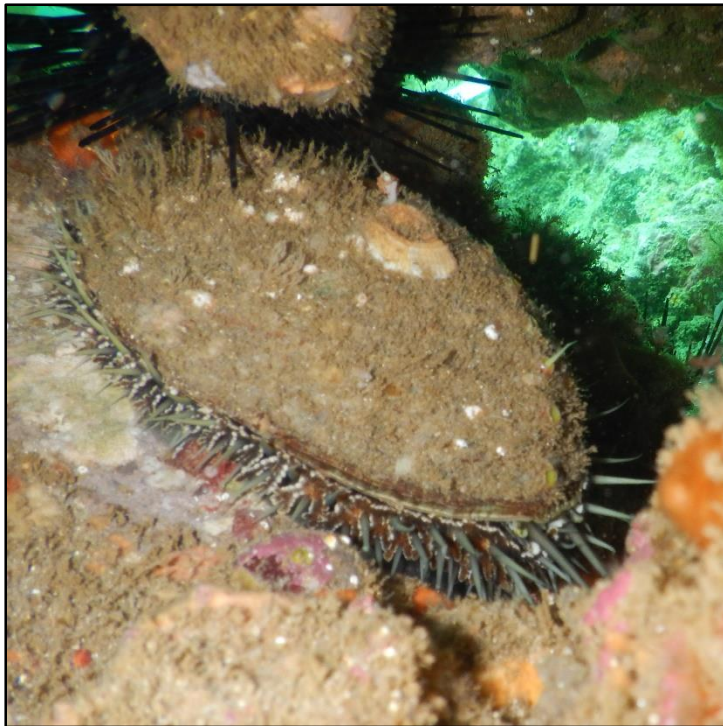

***Haliotis corrugata* (T)**

Pink abalone

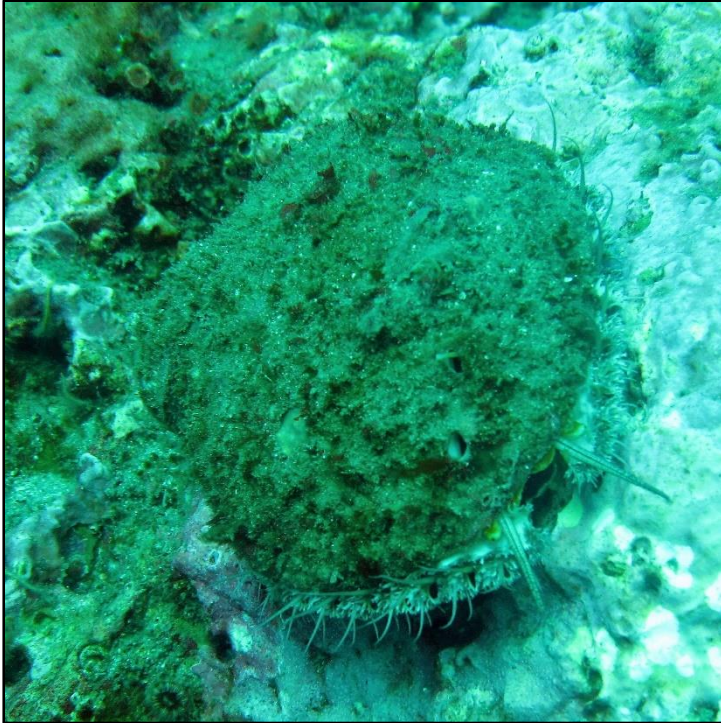

***Haliotis fulgens* (Z)**

Green abalone

***Haliotis assimilis* (Thread)**

Threaded abalone

***Haliotis sorenseni* (White)**

White abalone

***Cypraea spadicea* (C)**

Chestnut cowry

***Kelletia kelletii* (K)**

Kellet's whelk

***Megastrea undosa* (U)**

Wavy turban snail

***Lithopoma gibberosa* (G)**

Red turban snail

***Megathura crenulata* (L)**

Giant keyhole limpet

***Crassedoma gigantea* (H)**

California rock scallop

***Tegula regina* (R)**

Queen tegula

***Patiria miniata* (M)**

Bat star

***Pisaster giganteus* (P)**

Giant-spined star

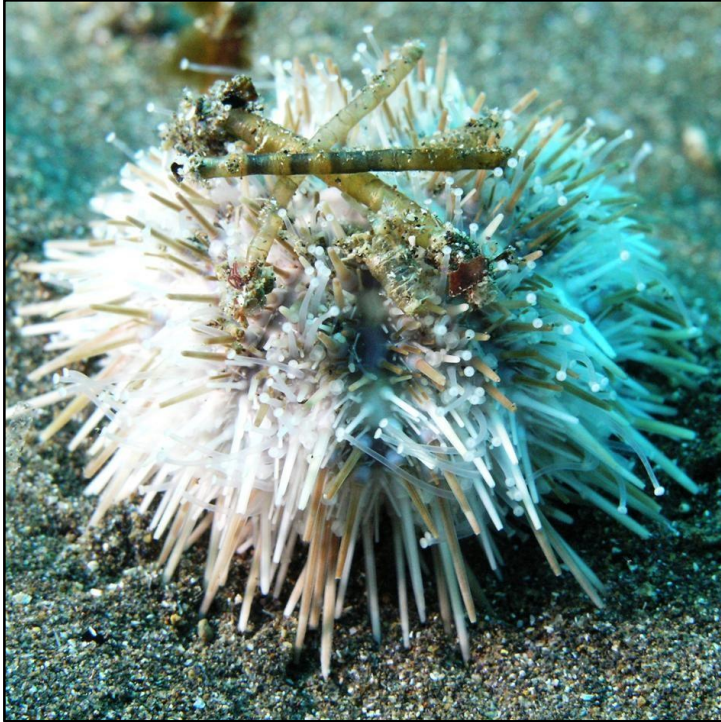

***Pycnopodia helianthoides* (S)**

Sunflower star

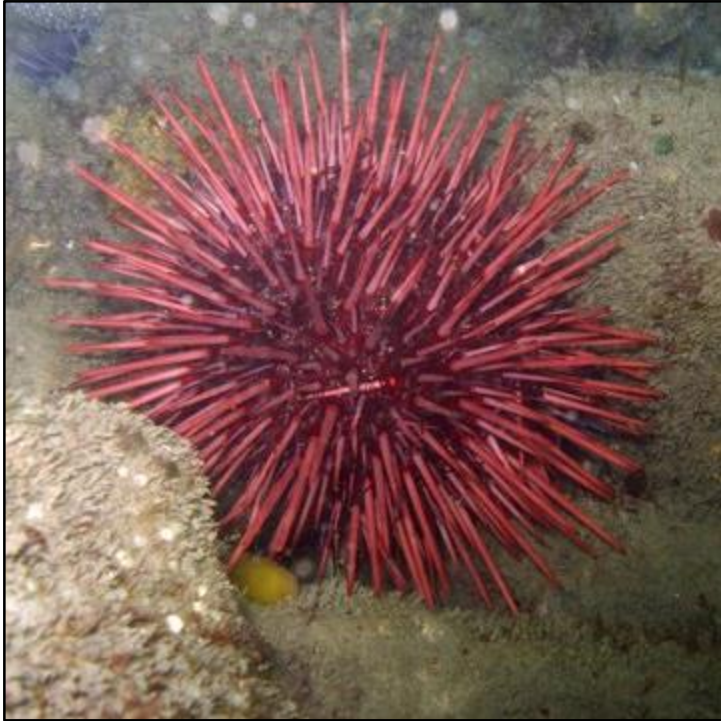

***Lytechinus anamesus* (W)**

White urchin

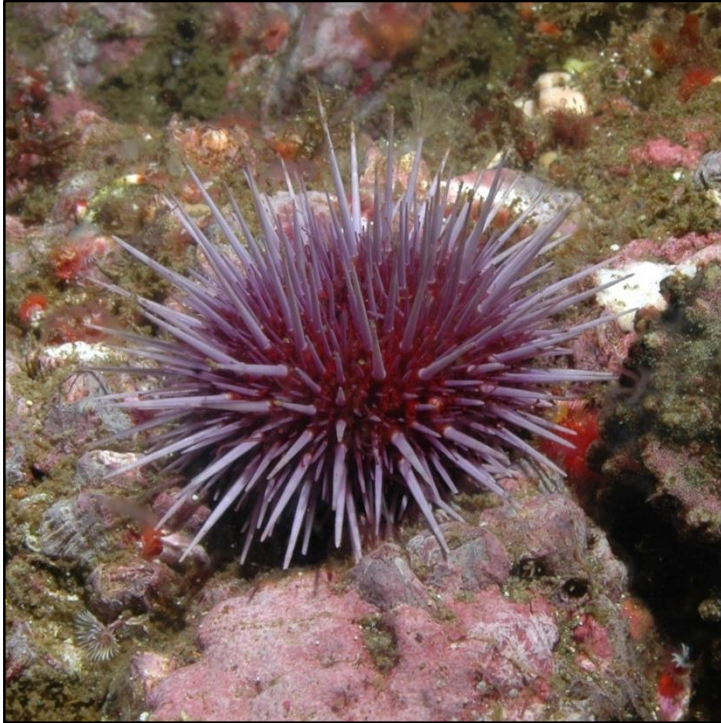

***Strongylocentrotus franciscanus* (F)**

Red urchin

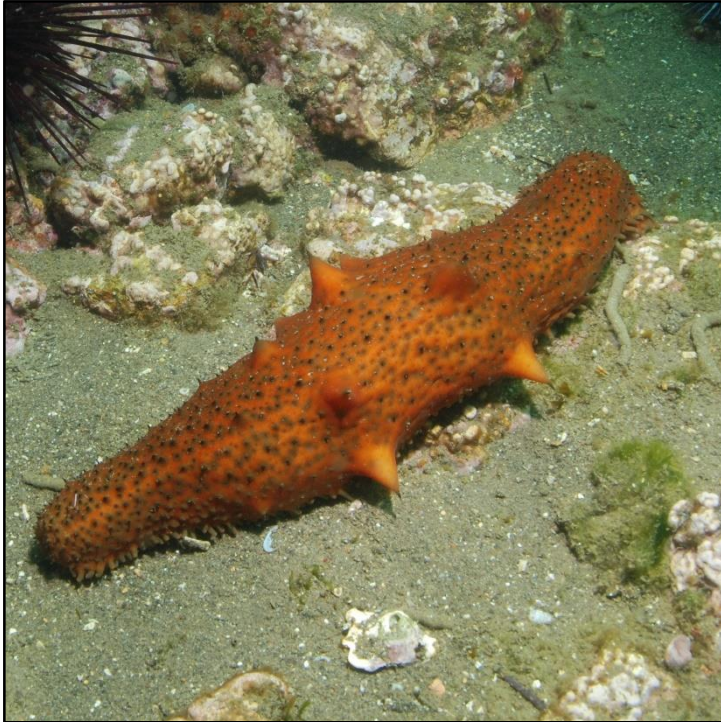

***Strongylocentrotus purpuratus* (Tick)**

Purple urchin

***Parastichopus parvimensis* (marked below)**

California sea cucumber

***Centrostephanus coronatus* (O)**

Coronado urchin
